### Operations Management 5th Canadian Edition Stevenson ...

The Fifth Edition of Operations and Supply Chain Management: The Core, focuses on the important core concepts in the dynamic field of operations. Just as lava flows from the core of the earth, operations and supply chain management is the core of business. Material must flow through supply chain processes to create cash output and input.

### Operations and Supply Chain Management: The Core

Operations management (OM) is the critical function through which com- panies can succeed in this competitive landscape. Operations management concepts are not confined to one department. Rather, they are far-reaching, affecting every functional aspect of the organization.
